A young businessman rented a beautiful office and furnished it with antiques. However, no business was coming in. Sitting there, worrying, he saw a man come into the outer office. Wanting to look busy, he picked up the phone and pretended he was negotiating a big deal. He spoke loudly about big figures and huge commitments. Finally, he put down the phone and asked the visitor "Can I help you?"

The man said, "I've come to install the phone."

## Sherry has received her transplant

I wanted to take time to update you on Sherry's condition. As you know, my wonderful sister-in-law, Sherry, has been fighting for her life over the past two years as she suffers from Multicentric Plasma Cell Castleman's Disease.

Sherry was given her stem cell transplant this past Thursday. She is quite ill, which was expected. It will be some time before we know if this will help her.

I would like to thank everyone that has kept her in their thoughts and prayers and also everyone that has donated financially towards her care. You have made a world of difference.
